

Suzanne Nicol BA (Hons), Msc. Architectural Lighting Design
Assistant Lighting Designer

Suzanne studied Design at Grays School of Art in Aberdeen, where she developed a keen interest in lighting design through her final year project and as a result went on to study Lighting Design at KTH Royal Institute of Technology in Stockholm. Her final thesis was entitled 'Guiding Light- Qualitative lighting of interior spaces for the visually impaired user'.

Suzanne joined Speirs and Major Associates in September 2008 as an Assistant Lighting Designer and has since worked on projects including Armani 5th Avenue Store in New York and Tower Headland Project, Blackpool.

She is an active member of PLDA and has enjoyed attending programmes in Alingsås and Rotterdam. She is also a keen artist and enjoys painting in her spare time.
